

## Gosselin Acquires Long-Term Partner Frey & Klein Internationale Spedition GmbH in Simmern, Germany

**Gosselin, a leading global moving company, is proud to announce its acquisition of Frey & Klein Internationale Spedition GmbH, including its newly built warehouse in Simmern, Hunsrück, Germany. Stefan Klein will continue in his role as Managing Director of the company.**

This acquisition is part of Gosselin's strategy to further insource European hauling activities, which is critical for customers in terms of securing capacity and ensuring high quality standards. "It has become increasingly challenging to find professional long-haul drivers who are skilled in packing and loading household goods. Frey & Klein's consistent high quality services impressed us over the many years we have worked together. In addition, the acquisition allows us to substantially increase our local customer base in Germany which nicely complements the activities we have been developing in Berlin since 2021", says Marcel Jörg, CEO of Gosselin Moving.

### About Frey & Klein Intern. Spedition GmbH:

Frey & Klein was established in 1895 and Stefan Klein, the third-generation leader, has led the company to success through dedication, hard work, and expert leadership. The company reached a turnover of over EUR 9 Million in 2022, which includes Christ & Wagner based in Sulzbach im Taunus, also part of the acquisition.

Stefan Klein, who took over the family business at the age of 20 following his father's illness, has steered the company onto a successful path through hard work, commitment, and very good leadership. He credits his success to treating his approximately 50 employees with respect and equality.

The company boasts a newly completed warehouse built in 2021 with a storage area of approximately 3000 m<sup>2</sup> and a fully automated container storage facility with a capacity for 150 x 20 ft containers, which also serves as a customs warehouse. Frey & Klein has a distinguished fleet size for long-distance transport, with around 14 trucks with trailers and many smaller vehicles.

#### About Gosselin:

Founded in 1930, Gosselin currently employs more than 975 people who generate total sales of over 450 million Euros. Gosselin's headquarters is located on the Albert Canal in Deurne where the container terminal connects the Port of Antwerp Bruges and the Port of Rotterdam with the European hinterland. With 56 offices in 34 countries, the company has strong representation in Europe, the Caucasus and Central Asia. The Gosselin Group consists of two divisions: Gosselin Moving and Gosselin Logistics.

Gosselin Moving handles international moves for multinationals, expats, diplomats, military personnel and private individuals.

Gosselin Logistics provides logistics services to businesses, with activities ranging from forwarding, warehouse storage and container processing to industrial logistics projects for heavy machinery and entire factories.
