What is this type of insurance?

The policy covers your professionally packed (by us) personal property during removal handling and whilst in-transit including cover during associated periods of storage, by, or arranged by Gosselin Group, against physical loss or damage arising from perils associated with domestic and international transport by road, rail, sea, or air. For owner-packed property, please refer to the 'restrictions on cover' below.

What is insured?

- Household effects and personal property, antiques and fine arts, motor vehicles, campers, boats, motorcycles and trailers (the goods) as declared by you, during an international or domestic household removal for its replacement value as declared in your valued inventory list which forms part of the Insurance Proposal.
- Physical loss, damage, or destruction of the goods whilst in transit (including associated storage).
- General Average and salvage charges for which you become liable following an incident at sea.

Storage cover:

- The goods are insured during periods of Storage when professionally packed and warehoused by or arranged by Gosselin, always subject to an additional monthly premium.

Optional cover:

- This Removal and Storage Cargo Insurance cover can be upgraded to include your Shipping and Carriage costs for the goods.

What is not insured?

- Goods which are contained in owner-packed cartons, boxes, containers, or packages which form part of an insured consignment otherwise professionally packed

by, or arranged by us, are not covered for loss or damage of contents.

- Loss or damage of goods due to gradual deterioration, wear and tear, previous damage, inherent vice, loss of data and any consequential financial loss.
- Loss or damage of goods caused by atmospheric or climatic conditions. This exclusion does not apply for loss or damage to goods due to mold or mildew resulting from a transit, which is otherwise included in this policy.
- Loss or damage to goods caused by rust, oxidation, discoloration, or corrosion.
- Loss or damage to electrical, electronic, mechanical goods more than 6 years old, caused by derangement or internal damage.
- Loss or damage to precious stones, metals, money (including cash and monetary instruments), deeds and securities, coins or coin collections, stamps or stamp collections, perishable items and items requiring a controlled environment.
- Depreciation arising from repairs or restoration of a damaged item.

Are there any restrictions on cover?

Certain limitations may apply to your policy i.e.,

- **Policy Excess** - also known as a deductible, is the amount you must pay on any claim settlement agreed by insurers. We will notify you in our quotation or pre-contract letter if a policy excess or deductible applies.
- **Pairs and Sets** - if one-half of a pair or part of a set is lost or damaged, cover is limited to the reasonable and fair reduction in value of the pair or set, having regard to the importance of the affected items within the pair or set.

GOSSELIN

- **Owner-Packed Goods clause** - goods packed by the owner or by someone other than Gosselin (or an agent appointed by us) can optionally be insured for loss of the entire consignment only, known as TOTAL LOSS cover; details are set out on page 12 of the Gosselin *Insurance Guide*, section entitled 'Our total loss coverage (free of particular average)'.
- **Motor Cars** up to five (5) years old can be insured during shipping and transport. This is NOT a driver's motor-policy; there is no cover for loss or damage whilst the vehicle is being driven under its own power EXCEPT when by a driver authorised by us or our agent in direct furtherance of the transit.
Non-factory installed accessories are not covered unless declared and valued for insurance.
There is no cover for goods packed by owner inside the vehicle.
- **Classic Cars** and 'Old-Timers' can be insured subject to special conditions available on application.
